

# Schubertiade

A celebration of  
Austrian chamber music  
at **St Jude's, Bowral**

During his lifetime in the early 19th century, Schubert's music was exclusively played at intimate house soirees, famously known as Schubertiaden. Today the term Schubertiade also refers to concert series and festivals. Born in Vienna, 1797, Franz Schubert excelled in every musical genre, but with more than 600 Lieder to his name, the 'Prince of Song' proved to be by far the most creative composer in music history when it comes to beautiful melodies.

Join the Forelle Ensemble for an afternoon of divine Austrian chamber music at St Jude's, Bowral.
