

Upcycling workshop at CTC Robertson

**Sun 11 Feb 1pm-4pm
\$25**

**Create
something
new, useful
and beautiful
from used or
unwanted
materials!**

This is a workshop for anyone interested in gaining upcycling skills (maybe you want to enter the Upcycling Class in the Robertson Show!). You will get ideas to recycle fabric and textile items such as doilies, fancywork, tapestry, needlework, quilting, clothing and household linen and nappery into something new that you can wear or use.

Barbara Combe, an experienced dress, costume and pattern maker will demonstrate different techniques and give you lots of ideas. Come along and share Barbara's passion for minimising the amount of textiles that go into landfill.

**Book now at www.trybooking.com/CLWJJ or
ph: 4885 2665**

**You are welcome to bring along your own project and sewing
machine or just come along to brainstorm ideas!
The workshop fee includes afternoon tea from our cafe.**
