The story begins when Samuel is found dead in the snow outside the isolated chalet where he lived with his wife Sandra, a German writer, and their partially-sighted 11-year-old son Daniel. An investigation leads to a conclusion of "suspicious death": it's impossible to know for sure whether he took his own life or was killed.

Did she do it? That's the question that kept my eyes wide open and made me so hyped throughout this entire enthralling courtroom drama. (User Review on IMDB)
